

November new products have arrived with great new additions to our **PrevaGuard™ product line**, by BIC. Also, a great comfy face mask with option to add your logo for more sight impressions! Here are a few of our favorite new products this month:

PrevaGuard™: **PrevaGuard™ products** contain an EPA-registered antimicrobial agent that helps protect the product by suppressing the growth of algae, mold, mildew and bacteria.

In products like the **BIC® PrevaGuard™ Clic Stic® Pen** an EPA-registered antimicrobial additive is molded directly into the pen's plastic components. This helps protect the pen by suppressing the growth of bacteria, molds, mildew and fungi, especially in high-moisture environments. Even better, the antimicrobial additive in PrevaGuard™ products should last the life of the plastic, unless it is destroyed.

This item can be sold blank and also as a promotional item with your company logo and information added. Minimum order applies for custom item.

The **#16151 PrevaGuard™ Grocery Tote** has a large main compartment and shoulder-length handles to easily carry all your stuff! Plus, the eye-catching 9" x 7" imprint area with full color imprint option and PrevaGuard™ logo tag make this **tote** a timely and memorable promo.

**Price shown on BIC site includes one color imprint. *Other fees apply.*

Perfect to keep all your essentials handy, the **#16152 PrevaGuard™ Pouch** has a top zippered closure and a front zippered pocket. Complete with a PrevaGuard™ logo tag and carry handle with buckle closure that makes it easy to clip to your backpack or tote.

**Price shown on BIC site includes one color imprint. *Other fees apply.*

This new trendy face mask is designed for all day use. **#41664 Comfy Face Mask**. This wash-and-wear mask designed with a soft, jersey cotton inner and a water repellent outer layer is the perfect mask to wear and use everyday.

**Price shown on BIC site includes one color imprint. *Other fees apply.*
